

QUICK GUIDE

For your safety

What should you avoid?

The product must be used as intended. Do not:

- leave the WC seat ring during the shower procedure
- place loads or objects on the WC lid
- immerse the remote control in liquid
- operate without plug for Geberit AquaClean descaling agent

Register your device

Warranty registration

Extend the warranty period of your Geberit AquaClean for free. Register for this within 90 days from the installation date.

In the third year of the warranty period, Geberit shall supply spare parts free of charge in the event of any material or manufacturing faults, provided the product has been installed and put into operation by an installation company.

Operating concept

About the operating concept

The shower toilet can be operated via remote control or the Geberit Home App.

The remote control function of the Geberit AquaClean shower toilet is deactivated while the shower toilet is connected to the Geberit Home App.

Front side of the remote control

All functions for daily use can be operated from the front side of the remote control.

- 1 <Shower> button: start and stop the spray functionality.
- 2 <+>/<-> buttons: increase or decrease the spray intensity.
<+> and <-> buttons: start and stop the oscillating motion during the anal shower.
- 3 Status LED (only visible if required)

Rear side of the remote control

- 1 Battery compartment

Downloading the Geberit Home app

How to use the device

Using the anal shower

See user manual.

<https://doc.geberit.com/971.794.00.0>

Prerequisite

- You are sitting down on the WC seat ring.

Briefly press the <Shower> button on the remote control.

Result

- ✓ The shower procedure starts with the oscillating motion.

You can stop the shower procedure early by pressing the <Shower> button once again.

Setting the spray intensity

Prerequisite

- The shower procedure is running.

Press the <+> button to increase the spray intensity. Press the <-> button to decrease the spray intensity.

Result

- ✓ The shower spray becomes stronger/weaker.

You can set the spray intensity in 5 stages.

Setting the spray arm position

- i** Female users should set the spray arm position of the spray functionality to their ergonomic conditions so that it does not compromise the natural protection of the vaginal area.

Prerequisite

- The shower procedure is running.

- ▶ Use the Geberit Home app to position the spray arm.

Result

- ✓ The spray arm is optimally positioned.

- i** You can set the spray arm position in 5 stages.

Switching the oscillating motion of the anal shower on and off

- i** The oscillating motion of the spray arm increases the cleaning effect.

- ▶ The oscillating motion can be switched on and off by pressing the <+> and <-> buttons at the same time.

How to clean the device

Suitable cleaning agents and cleaning equipment

ATTENTION

Aggressive descaling agents

Unsuitable descaling agents may cause damage to the device.

- ▶ Only use Geberit AquaClean descaling agents to descale the device.
- ▶ Refer to the “Descaling the device” section.

ATTENTION

Aggressive and scouring cleaning agents

Cleaning using aggressive and scouring cleaning agents can cause surface damage.

- ▶ Use Geberit AquaClean cleaning agents.
- ▶ Pay attention to the cleaning and care instructions.

Using the Geberit AquaClean cleaning set is recommended, as this set includes a ready-made cleaning agent that is ideal for cleaning all Geberit AquaClean surfaces.

Recommended properties of suitable cleaning agents and cleaning equipment for best cleaning results:

Symbol	Properties of suitable cleaning agents
	Skin-friendly
	Cleaning agents are permitted to have a low acid content, e.g. diluted citric acid
	Low-foaming
	Liquid
	Water-dilutable

Symbol	Suitable cleaning equipment
	Soft, fine-pored sponges
	Lint-free, soft cloths which are free of dust
	Toilet brush
